

About the School

The multifaceted welfare activities of Ashutosh Memorial Trust include to establish and run educational institutes to inculcate life and social values among the downtrodden and poor students that too at very affordable cost. To fulfill the set goal of the trust Ashutosh Memorial Public School was established. A grand opening ceremony of the school was organized on April 01, 2012. Member of Legislative Assembly Hon'ble Mohd. Sayeed Ahmed was the Chief Guest on the occasion and Guest of Honors were Prof. M. K. Tripathi, Shri Lal Sahab, Shri Rai and While inaugurating the school Hon'ble Shri said that this school will make the dream come true of poor students coming from remote villages of local vicinity for getting cost effective good education blended with innate human values which will help them in laying the foundation for integrated personality development. Professor Tripathi expressed the views that such institutions are the need of time. Shri Rai said that school management will take all necessary measures to maintain the ideals of life for which late Er Ashutosh Mishra lived. We are committed for best possible education to our students along with providing excellent infrastructure facilities. Information technology inputs are being given for teaching and learning. Learning by playing technique has been implemented to avoid extra burden on the school pupils. Clean hygienic ambience prevails in the school. Pure drinking water and occasional refreshments are also given to the kids. Qualified and caring teachers are appointed. Teaching is done with the help of standard books and as per standard syllabi. A comfortable vehicle is being provided to the students for transport purpose. Guardians/Parents feel relaxed as their children are in very safe hands.

A Caring Environment that fosters creativity and learning.

Home Away from Home

Ashutosh Memorial is the second home for children. Here children play with their ideas and actions. Play experiences can help children develop simple concepts into more complex understandings.

Vision

We want to be a place where...Children are valued for their meaningful work and their ability to wonder, explore, and soar.

Mission

We are committed to equipping students with the tools they need for academic, personal and social achievement.

The Mission of the School is to develop and provide quality educational and transitional opportunities for all children. They will have the opportunities to achieve their maximum potential in gaining independence skills to the best of their ability.

Curriculum & Activities

Curriculum of different classes (from nursery to 5th standard) have been designed in such a way that students are able to learn and understand contents of all disciplines viz. general knowledge, science, social science, language, drawing-paintings etc. according to the standard of class. Pattern of the syllabus being provided as prescribed by National Council of Education, Research and Training, New Delhi. In addition to that practice activities of writing, recitation, play-way activities, games, cocurricular activities have also been made compulsory during school hours.

Creative Activities

Essay writing, story writing, cultural programmes, debate competitions and celebrations of various days of national importance are being regularly organised for the students.

Programme Offered :

- Regular classes for Nursery to Vth standard
- Play group for the students below 6 years of age
- Special training programme for cultural synthesis.

Why Ashutosh Memorial Public School

The school is unique with respect to its commitment to 'safeguard around development of the children which will finally culminate in the patriotic citizen of our pride country. The salient features to choose the school are:

- We provide easy, customized and immediate solutions to problems of children on the class and off the class too.
- We pay individual attention to each student.
- We work together with the feeling of solidarity for the better future of children.

Our Strengths

- Integrated development of personality of the pupils
- Value based educational curriculum
- Healthy and happy ambience
- Decent infrastructure facilities
- Teaching and learning by modern methods

TEAM

We have a strong team of qualified, sober and committed teaching staff along with helping assistance for taking care the children during school hours.

What we offer?

We offer the programmes of basic education to the pupils of lower primary and primary level in such a way that they learn the things by playing and enjoying the curriculum. The design of curriculum of various classes has been prepared in such a way that the pupils feel high curiosity and enthusiastic while reading it which is very helpful in enhancing their performance output manifold at each level without any stress.
